

Tenpin bowling came to the Uk in the late 50s and grew rapidly throuhout the 60. This was a great era for team bowling as new sponsors came into the sport sponsoring teams and tournaments alike. Household names such as Ovaltine, Rothmans, Booths Gin, Gillette, Double Diamond followed later on by Britvic, Coca Cola, Heiniken, Carlsberg, Skol, Carling, Woolwich all wanting a piece of the action. Many Bowling companie also got involved such as Brunswick, Ebonite, DBA, AMF and Storm. Towards the end of the 70s singles bowling came into it's own and although there were plenty of team events the great sponsored teams of the earlier years just weren't around and it was left to individual players to form teams. This report list some of the Major Teams throughout the years together with lists of players, brief details of achievements and other players involved with each team. Photographs where available and links to files, video's and other information are also included. We need your help in completing this information so anything you have please contact David Grainger or Dom Gall on Facebook or e-mail: gravedanger300@aol.com.
